

The WBS Group

Environmental Policy

The WBS Group are an M&E contractor, carrying out the finest quality building service installations worldwide.

WBS recognises that its activities impact upon the environment at local, regional and global levels and acknowledges a responsibility for the protection of the environment and of the health and safety of its employees and the wider community.

The WBS Group are committed to:

- Promoting the protection of the environment and minimising the impact of all its activities upon each of the local, regional and global environments both directly and through its influence on others.
- Contributing to a sustainable and healthy future by conserving natural resources and by minimising avoidable waste and pollution.
- Reducing the use of fossil fuels through improvements to energy efficiency and the substitution of renewable energy sources.
- Avoiding the unnecessary use of hazardous materials and processes.
- Developing effective waste management and recycling procedures and using recycled and recyclable materials where possible.
- Increasing awareness of environmental responsibilities among staff.
- Encouraging initiatives that enhance its environmental performance. For example: BS8555 and ISO14001 Environmental Management System (EMS).

To achieve these goals, we will:

- Educate and train staff in environmental matters as appropriate.
 - Progressively reduce the amount waste generated.
 - Market products, which create minimum environmental damage and use its purchasing influence to promote production of such products.
 - Ensure that all public communications are true and unambiguous.
 - Respect the interests of neighbours and the world community.
 - Review our policies in an ongoing manner at regular intervals.
 - Work with suppliers and sub-contractors to improve their environmental performance.
 - Where appropriate, consult with the local community on environmental issues.
-
